Wholesale of Shower Cabinets, Window Frame Systems, Glass Doors

Locksets and Hinges

Stremmer Glass hardware offers a complete range of locks, hinges and butts designed to enhance the appearance of any interior glass door in residential homes and commercial buildings.

Our locks can be fitted with a wide choice of handles and cylinders (Euro profile, round or bit-key cylinders), as a latch version with lever or knob handle. Specific applications are available for changing rooms, bathrooms, etc.

A matching range of hinges is also available for each lock to ensure that the door's overall appearance is consistent in terms of design and finish.

And last but not least all our articles are manufactured to the highest standards for durability and easy fitting. They are compatible with the main glass cut-out standards (French and German notches)

Company Profile of **ASSA ABLOY Glass**
