产品和背景

We would like to introduce Ferlam technologies as a leading mid-size French company, dedicated for more than 40 years to the production and the transformation of technical textile.

We mostly operate in the field of thermal protection and insulation, industrial or automobile friction, and conveyance for hot items...

Our customers are worldwide major accounts among the heating industry, glass and metal transformation, automobile engineering, petro-chemistry, aeronautics...

As a fully intergrated company, we master the whole process. From blending, carding, spinning, braiding, weaving, down to the confection of complex products.

Our manufacturing program is wide: basically, slivers and yarns. We transform into hot end take out, wipe-pads, pushers, insulation cloth stacker tapes, hot end conveyor-belts...
