产品/机械

Supplier of:

Etching lines,
Acid polishing lines,
Pumps for chemical applications
Frosting machines
Waste air absorption units
Wastewater neutralisation units
Special units (prototypes)
Tanks and other products

Complete stock of machinery and equipment for processing polyethylene (PE), polypropylene (PP), polyvinyl chloride (PVC), polyvinylidene fluoride (PVDF) and other plastic materials

Range of acid polishing units:

1. Economy (new)

This acid polishing unit features simple, robust technology that is ideal for the demands of everyday use, and delivers an excellent return on investment.

2. Standard

Offering a high level of automation, our long-standing best-seller comes with advanced software and monitoring equipment.

产品和背景

Neutra Kunststoffbau GmbH is a mid-sized company founded in 1990. We make standard and customised automatic and semi-automatic units for polishing and frosting hollow-ware glass and flat glass and also supply waste air and wastewater treatment units.

Our customers consist of crafts and industrial business from the

- glass industry
- chemical industry
- food and beverage industry
- electroplating industry
- the semiconductor industry
- swimming bath suppliers

Neutra has been supplying systems and customer-specific solutions for wet-chemical glass surface treatment, along with ancillary exhaust air and wastewater treatment units. We produce various thermoplastic units, such as surge tanks for swimming pools, as well as small electroplating systems, laboratory stations and individual components.

We produce with thermoplastic as polyethylene (PE), polypropylene (PP), polyvinyl chloride (PVC), polyvinylidene fluoride (PVDF) and other plastics and other eco-friendly plastics.

Planning, production, assembly and after-sales service are carried out and provided by trained and qualified employees. All our units bear the CE mark, meaning that they meet European Union quality and safety standards.

Company Profile of **Neutra Kunststoffbau GmbH**

A service of glasssglobal.com, an affiliate of glasssglobal group.
