国家	美国

产品/机械

Strainoptics is a worldwide technology leader and the number one supplier of non-contact, non-destructive stress measurement instrumentation to the glass and plastics industries.

In addition to the internationally recognized GASP® surface polarimeter, our product line encompasses a complete range of instruments, from simple strain viewers and polarimeter systems to specialized on-line and off-line equipment for measuring stress and other optical properties in a wide range of materials, including:

- § Float glass
- § Architectural glass
- § Automotive glass
- § Electronic glass
- § Container glass
- § Optical/scientific glass
- § Plastic film
- § Molded products
- § Medical packaging
- § Medical devices

Company Profile of **Strainoptics**
