产品/机械

The manufacturing of edge profiles and light steel sections for industrial and commercial building, machine building and utility and special vehicle construction is another focus of the business.

The product mix includes load-bearing cross bars and purlins measuring up to 4 mm in thickness, high-precision body panels up to 12,000 mm long for buses and, of course, special customised profiles made of galvanised and coated steel, aluminium and stainless steel.

Wirth also offers processing services such as laser work, perforating, stamping, nibbling, clipping, welding and powder coating.

The quality management system at Wirth GmbH is certified in accordance with DIN EN ISO 9001:2000.
Wirth GmbH is a member of the IFBS e.V. (Industrial Association for Structural Systems).

Company Profile of **Wirth GmbH**
