产品/机械

Eagle Glass Specialties, Inc. provides chemically strengthened glass for many different specifications from: thin glass requirements (as low as 1mm thick) to special shapes (flat or bent glass) or sizes from 0.1 to 12 sq. ft. Eagle Glass is a world-class supplier of panels for the electronic display industry. Panels are offered in both etched and non-etched configurations using clear or tinted glass. These panels can be flat, convexed (spherical radius), or bent (cylindrical radius) depending on your requirement. Convex, fully tempered glass for the lighting industry. Our lighting products are manufactured for parking lots, roadways, automobile dealership lots and billboards. Specialty Products Cylindrically bent, annealed panels are another specialty item offered by Eagle Glass. These parts are custom manufactured for various applications. This material is normally clear double strength (3 mm thick) glass and is bent per your template. Convex glass for clock faces and instrumentation is also supplied internationally by Eagle. With a wide range of molds available circles in diameters from 4" to 36" can be produced in depths up to 3", depending on size. Squares and rectangles are also available in some sizes.
