SageGlass® windows, skylights and curtainwalls control daylight elegantly and efficiently while maintaining your view and connection to the outdoors. Our products provide an answer to the age-old question of how to maximize natural light and a view to the outdoors, while creating a space that's thermally and visually comfortable for the people inside. The SageGlass skylights shown above are installed in the Bridge Street Properties building in Irvington, N.Y. (the tinting rate has been accelerated for this animation).
