## 产品/机械

For your information, we are one Chinese specialized company in customized manufacturing and exporting the high purity grade and electronical grade of barium salts (inc. barium carbonate, barium chloride, barium nitrate, barium oxide and barium hydroxide). We are now pushing our high purity kind of barium salts for producing special glass, microwave glassware, ceramic of PTC/NTC, precision electronic apparatus, resistance, PDP (plasma panel display), LCD display, sensor, optical glass etc.

Product Name: **Barium Nitrate**

MOLECULAR FORMULAR: Ba (NO<sub>3</sub>)<sub>2</sub>

Formula weight: 261.35

CAS Register No.: 10022-31-8

PROPERTY: Barium Nitrate is colorless transparent crystal or powder, easily dissolve in water. It is oxidizer. It can be burned and exploded when mixed with organic material and sulphur.

Item/ Index TRS07X1GC GRADE

Content 99.9% MIN

Moisture 0.005% MAX

Water insoluble matter 100PPM MAX

Cl 50 PPM MAX

SO<sub>4</sub> 30 PPM MAX

Fe 10 PPM MAX

Uses: the excellent purity kind of barium nitrate is applied in Optoelectronic, electronic components, optical glass, Semiconductors; Acoustic Components; Antennas; Capacitors; Sensor; Resistor; Diodes, LCD display etc. Also used in optic glass, ceramics, medicine, preservative or antiseptis, chemical reagent, medicine, metal heat treatment, colorants, optical glass, pottery frit, green fireworks, signal flare and so on.

### Company Profile of **SHANGHAI TRICO BARIUM SALTS**

A service of glasssglobal.com, an affiliate of glasssglobal group.
