产品/机械

Glass Lacquers and coating products, leading research and development in the area of UV curing products – driven by our concern for the environment. We devote our resources to finding environmentally-adapted solutions that offer the same characteristics and qualities of conventional, solventborne solutions. Our R&D facilities around the world provide a full scale line production facility for testing new products and applications with our customers.

Company Profile of **Becker Acroma Italia S.p.A.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
