产品/机械

Supplier of Casting and Rolling Technology, Glass Drawing Technology, Profile Glass Machines, Transportrollers, Tablerollers, Lehrrollers, Orificerings, Shearblades

Castglass machines

RUREX is a manufacturer for low iron solar panel glass forming machines.

New generation of RUREX machines for 2 mm solarglass, pattern, wire and figured glass. Frequency controlled gears. Synchronisation of main rollers. Maintenance free bearings. Electronic controlled glassthickness adjustment. Emergency quick lift out for top roller. Wire unwinder system with tension/pressure leading roller.

Profileglass machines

Infinitely variable RUREX machine for all profile widths between 220 - 500 mm. Frequency controlled gears. Maintenance free bearings. Profiles with wire net and length strings. Colour coating. .

Rollers

RUREX is producer and supplier for all types of rollers.

Main rollers: plain and pattern
Transportrollers
Tablerollers
Lehrrollers

Shearblades

RUREX is worldwide supplier for shearblades in a special anticorrosive alloy: — due to our hightech production process you will obtain a maximum in EFFICIENCY, PRECISION and QUALITY.

On request RUREX supplies a various sorts of special models (waved shaped cutting edge, cooling slots or drills, bigger radii, grinded fixing areas and others).

Also available shear blades in tungsten carbide.

产品和背景

RUREX-STAHL

DR. OTTO KUKLA GMBH

Founded in October 1949, RUREX-STAHL Dr. Otto Kukla GmbH has celebrated in 2019 its 70th anniversary. Starting as a trading company in special stainless steel, RUREX-STAHL today is a worldwide operating manufacturer for the glass industry.

With approx. 17 employees in Gelsenkirchen, Germany, the annual turnover is 4,0 million EURO.

The export rate is more than 80% (more than 70% in non-EU countries).

RUREX-STAHL is a technology leader in the manufacturing and commissioning of complete glass production lines for solar, figured and profiled glass.

For the container glass industry, we are supplying worldwide our heat- and wear resistant shear blades blades and spare parts, in many special designs and alloys, especially made for highspeed-IS-Machines.

RUREX-STAHL is also manufacturer for glass crushing units.
