地址	Guardian Steklo Ryazan LLC Uzhniy promuzel district 17a 390011 Ryazan
国家	俄罗斯联邦

产品/机械

The Ryazan plant produces 750 metric tons of float glass per day. Float glass is the highest quality glass being manufactured today in large quantities. The Guardian plant targets its production toward residential and commercial construction.

The plant also features a technologically advanced coating machine, which enables the manufacture of a variety of world-class, high-performance coated glass products specifically designed to meet the needs of Guardian's Russian customers, and those of neighboring countries.

Company Profile of **Guardian Steklo Ryazan LLC**

A service of glasssglobal.com, an affiliate of glasssglobal group.
