国家	日本

## 产品/机械

Central Glass offers a variety of glass products from standard products to high-performance and special-purpose products for the architectural and housing industries.

Specifically, our efforts are concentrated on broadening our line of products to contribute to developing a safe and comfortable living environment, reducing environmental burden and saving energy.

Central Glass provides abroad range of high-quality glass products for enhanced safety, amenity and design .

We have built a development and supply framework in partnership with the Saint-Gobain Group to meet the requirements of globalization in the automotive sector.

Central Glass offers mainly thin sheet glass for the information and electronics industries, coated glass, powder glass and glass pastes. Furthermore, we focus on R&D of eco-friendly compositions and products which are free of lead and heavy metals.

Central Glass offers glass fiber and glass wool. We focus on development of special materials and products, such as products for automotive and electronics applications.

\*

We provide soda-lime glass manufactured through the float process as a glass material for a wide variety of electronic devices.

\*Contact Central Glass directly for more information.
