We have an extensive range of glass primary packaging products for the pharmaceutical industry. It includes moulded glass products such as vials, dropper and syrup bottles in diverse market and needs-oriented designs. We also produce borosilicate tubing as the input material for our high quality specialty ampoules, vials and cartridges. As a result, we are able to offer an almost fully comprehensive range of transparent and amber glass for pharmaceutical packaging.

Our high quality glass packaging products for the cosmetics industry include bottles and jars for perfume, deodorant, skin care and wellness products.
