## 产品/机械

AGI glaspac is committed to technical expertise and manufacturing competence – to generate sustainable value and deliver on all customer expectations. That includes maintaining the highest possible levels of compliance and adherence to international manufacturing standards.

We constantly review and benchmark production efficiencies and productivity outputs against international standards, this coupled with a commitment to human capital and skills development ensures that we are equipped to address present and future demands.

The company uses only natural raw materials in production and manufactures environmentally friendly products, featuring a high degree of water and chemical resistance, considerable strength, reference colors, and perfect geometry. This plant has 11.5 MW of Installed Solar Capacity.

The implemented system of glass coloration in the feeder allows within a matter of hours to transfer from colorless glass to any color range at the customer's option. Presently, the company employs approximately 3000 people. Highly skilled managers supervise production.

The enterprise development strategy is aimed at increasing the production volume of glass containers while maintaining and improving the quality of the products.

Our results speak for themselves:

- Offers a variety of high-quality glass packaging solutions at competitive prices
- Guarantees supply, thanks to superior supply chain management and optimisation
- Enhances customer bottom line through value enhancement and cost reduction/optimisation initiatives
- Has a broad and established customer base, underpinned by long-standing customer relationships
- Provides a full capability mould manufacturing facility, reducing cost and shortening new product development lead time
