国家	印度尼西亚

产品/机械

Manufacturer of Flat Glass, Sheet Glass, **Float glass**, figured **glass**, heat-reflective **glass**

The Company's automotive glass factory located in Cikampek, West Java produce tempered and laminated safety glass. In 2012 the company has invested an additional automotive glass production machine capacity by 1,750,000 m2 per year from the previous capacity of 3,250,000 m2 per year, bringing the total capacity to 5,000,000 m2 per year or equal to the use of glass for 1,3 million car units. The capacity will continue to be adjusted in line with the increase in car sales growth in the coming years in order to support the growth of the national automotive industry.

Sunergy Sigma, new series of products that complement the well known Sunergy range of high performance pyrolytic solar control Low-E glass.

Available in a variety of colours, Sunergy Sigma has been developed anticipating current architectural trends and offering excellent solar control properties and brighter appearance.

The Benefits at a Glance

- Highly Suitable for Tropical Climates
- Excellent Solar Control for thermal insulation
- Energy Efficient Glass to reduce energy costs
- Improved Visual appearance with a brighter neutral tint that minimizes daylight glare
- Production in Indonesia – Better Service, Shorter lead times*

*Subjected to production cycles. Please consult our sales team for more details.
