产品/机械

Down drawn process (maximum OD 330mm) and Vello process (minimum OD 3mm) of borosilicate glass tubing.

BJTY is borosilicate glassed with 3.3 expansion, specification of which conforms to ISO3585 and ASTM E438 type I class A. The main characteristics of the BJTY glass include the longest chemical durability, low coefficient of thermal expansion and the high resistance to thermal shock. Excellent physical characteristic and chemical property made the BJTY glass become the most ideal material of laboratory glassware, corrosion resistant chemical apparatus and plant, and heat resistance household glassware

Laboratory glassware 50%
Heat resistant glass carafes
Pressing glass product
Tubing and rod 10%
Moulding glass product

Company Profile of **DWK Life Sciences GmbH**

A service of glasssglobal.com, an affiliate of glasssglobal group.
