Lubrication Engineers,
Shear Spray Systems for complete glass plants,
Shear Spray Systems for individual production lines,
Cold-End coating application systems,
Dosing and Mixing units for cold end coating,
Multi-Cycle lubrication systems for I.S. Machines

OBSIII Cold End Coating Twin-Axis

As we know how critical an efficient cold end coating system is to the glass container production process, the Graphoidal OBSIII twin axis cold end coating Spray Bridge was developed to ensure uncompromising efficiency and reliability.

It therefore includes many features including automatic below finish spraying in two directions, automatic ratio controlled dosing and constant ware monitoring.

Company Profile of **Graphoidal Developments Ltd.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
