产品/机械

Our regular products on display include:-

SANDGLASS CXP - which was designed for curtain walling as used in commercial glazing

GLASSLINE - A transparent outline resin that simulates brilliant cut glass, also available in a range of colours.

WIZARD ALPHA - the computerised resin dispensing system which has again been upgraded to keep up with market demands.

Creative Resins constantly invests in new products and systems ensuring that our customers receive the latest technology at affordable prices. Adding to the Creative Resins Group product range this year are:

CRYSTALITE LIQUID RESIN BEVEL SYSTEM - a fast and economical way of reproducing 3D glass bevel designs to any shape or size.

CREATIVELAM - a 2 pack poly-acrylic laminating resin which has been designed for ease of use and with a dynamic range of colours.

H20 - WATER BASE RESINS - an environmentally friendly resin Outline and colours which have been developed over many years to replace solvent based outline and colouring systems. Complete with a full 10 year external warranty.
