High Alumina Refractories for blast Furnace Stoves; Basic Refractories;

Magnesia Carbon bricks. Continuous Casting Refractories;

New generation high performance Castables and Precast Blocks for various application. Purging Refractories.

产品和背景

We are the Refractories business of the Dalmia Bharat Group. Established in 1939, the Group is one of India's oldest and most respected business houses, with interests spanning across Cement, Sugar, Power aside of Refractories. Learn more about the Dalmia Bharat Group.

As a Refractory company, we work behind the scenes. When industrial furnaces and kilns make ferrous and non-ferrous materials at very high temperatures, we persevere behind, performing a critical job of lining the furnaces and protecting the material being produced.

Our job needs a lot of specialization, it warrants deep understanding of what is being made and how it is being made. And this is what we have been doing for six decades, and counting...

Passion for Refractories, Partners in Nation Building
