产品/机械

Acoustic Comfort: Leaders in comprehensive acoustical solutions for homes, offices, schools, sports centers, theaters, large scenarios and, in general, any type of space. We manufacture ceilings in fiberglass and mineral wool, with thermal and acoustical insulation properties, high acoustical efficiency and ideal luminescence to eliminate reflection.

Experts in waterproofing solutions for all types of roofs, terraces, silos, retaining walls, planters, baths, tanks, elevator shafts, high specification jobs for civil engineering works. We offer fiberglass and polyester reinforced coverings, modified with APP (polymers, copolymers and elastomers), and reinforcements for hot and cold waterproofing.

Save and conserve on energy. Thermal insulation for industrial machinery and equipment such as kilns, boilers, ovens, tanks and pipes, used to protect workers and to save and conserve on energy in industry.

Air conditioning and ventilation conduction, products to transport air conditioning and ventilation silently, efficiently and in a hermetically secure way at commercial, industrial and residential facilities.
