产品/机械

Bronze alloys in ingots, Recycling of chips (drilling or turning) to ingots and recycling of bronze dross from foundries, Recycling of moulds, neck rings and Chips.

You receive our products in form of ingot. We work according to your order but are also flexible to provide larger quantities at short notice due to our own material store.

产品和背景

Winnen-Metall GmbH & Co. Kg is a medium-sized german enterprise located in the industrial park of "Iserlohn-Sümmern" in North Rhine-Westphalia (NRW). Today the companies core activities are concentrated on metal processing, recycling and trading. The history of the family owned company goes back to the early 1930s when its founder, Alex Jost, started his own business. Today we carry out orders for transforming and manufacturing specialized alloys based on analytical findings.
