地址	MISAPOR AG Löserstrasse 2 7302 Landquart
国家	瑞士

产品/机械

Misapor foam glass aggregate is a recycling product manufactured from old glass. The original usage or colour of the glass is of no consequence. Old bottles and window panes can be used in any proportions.

Misapor Ltd., thus makes a valuable contribution to simplifying the disposal of an otherwise waste product and conserving natural resources. Since the activator components are also basically mineral products, Misapor is a 100% natural and environmentally compatible product.

Company Profile of **MISAPOR AG**

A service of glasssglobal.com, an affiliate of glasssglobal group.
