产品/机械

sedak insulating glass includes the largest and thickest insulating glass units in the world in addition to proven double and triple glazing. We manufacture IGUs out of multiple-layer laminates up to 15m long with our highly automated production lines. We can additionally supply insulating glass units with steps up to 700mm on the bottom edge, for an esthetically advantageous composition with minimum joint thickness.

sedak isotherm® low insulating glass for energy-efficient construction

sedak isomax® is the marvelous space saver that stands for maximum thermal insulation and a U-value up to 0.23 W / qmK thanks to integrated insulation panels

sedak isosun® protects against glare and solar heat gains due to its highly efficient combination coating

sedak isosound® sound insulating glass with a special PVB interlayer

sedak isosecure® the laminated safety glass protects against accidents, vandalism, and break-ins.

sedak isocolor® colored insulating glass made of body-tinted insulating glass, covered with colored sheeting or printed fully covered.

sedak isodecor® with a partial decorative coating or a ceramic-ink digital printing

sedak safety glass by sedak is produced exclusively under clean-room conditions using the vacuum bagging method. The result is a 100% lamination quality without bubbles or contamination. With multiple laminates of up to 12 layers, sedak safety glass shows maximum strength. Heavyweights weighing up to 8,000kg per units are manufactured under highly accurate requirements and can resist even massive forces.

sedak VSG: laminated safety glass with reliably bonded fragments of glass for a calculable residual loadbearing capacity and residual stability

sedak secusun® laminated safety glass with a solar control coating

sedak secusound® sound safety glass with a special PVB interlayer

sedak secuprotect® laminated safety glass with a highly exclusive protective function with seven safety qualities

sedak secucolor® laminated safety glass made of body-tinted safety glass, covered with colored sheeting or printed fully covered

sedak secudecor® with a partial decorative coating or a ceramic-ink digital printing

sedak GlasCobond® laminated safety glass with a SentryGlas® interlayer for exceptional stiffness and loadbearing capacity

GLY-MarineCobond® laminated safety glass with a SentryGlas® interlayer certified

Company Profile of **sedak GmbH & Co KG**

A service of glasssglobal.com, an affiliate of glasssglobal group.
