产品/机械

Production of shaped and non-shaped products based on fused silica.

Shaped products - strights, tiles, wedges, special complicated shapes (protective, swinging bricks, suspended blocks, etc.)

Properties: high content of SiO₂, very low coefficient of the thermal expansion, excelent thermal shock resistance, dimensional accuracy.

Application: cold and hot repairs of the silica brickworks

Non-shaped products - dry mixtures, plastic mastics

These can be used directly in hot environment in very high temperatures

Application: filling of the small cracks, dilatation joints, etc.

Company Profile of **VELBATES Ltd.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
