产品/机械

Technoprojekt targets prospective industrial branches, energy structures, infrastructure structures, industrial zones and civic structures. We have realized hundreds of projects in the Czech Republic and as well as abroad. We cooperate with tens of foreign suppliers and clients and are ready to apply standard and regulation requirements of majority of world states. Our company does not only provide services for the implementation of investment projects with respect to ecology, but also tries hard itself to assist in this field. Our most significant social activity is the operation of the Stramberk Castle precinct. - Feasibility Studies
