Ultra-High Strength Glassware

After 30 years of research by it's founder, Santanoni is extremely proud and excited to offer an extensive line of "almost unbreakable" glassware for the consumer and for the food service industry. Our glass products are by far the highest strength and impact resistant of any similar products on the market. All will survive rough handling, overly exuberant toasts, even drops on the floor with nary a chip, or fracture.

Company Profile of **Santanoni Glass & Ceramics**

A service of glasssglobal.com, an affiliate of glasssglobal group.
