地址	<b>Society of Vacuum Coaters</b> 71 Pinon Hill Place NE, Albuquerque, NM 87122-1914
国家	美国
州	New Mexico

## 产品/机械

In the future we can expect to see more integration of production processes and the use of hybrid technologies such as sputter deposition or thermal evaporation, combined with plasma deposition processes such as plasma polymerization or plasma-enhanced chemical vapor deposition. The Society, through its publications, web site, and meetings will be the leader in presenting these new topics to the vacuum coating community.

### Company Profile of **Society of Vacuum Coaters**

A service of glasssglobal.com, an affiliate of glasssglobal group.
