WE DON'T JUST MAKE GLASS.

WE MAKE SPECIAL GLASS

Glass has become the dream material of choice in contemporary building design. Whether specified for structural or decorative use or for providing additional benefits such as increased security or energy saving thermal performance. Sharda are specialists in glass manufacture and our glass production enables innovation in form, creativity in finish and sustainability in function for building management and maintenance.

OUR PRODUCTS

Structural glass - laminated and strengthened glass

Curved glass

Decorative glass - coloured glass, back painted glass, printed glass, non reflective glass, LCD Switchable Glass

Safety glass - fireproof glass, bullet proof glass, Energy efficient glass

Double glazed glass, solar control glass, heated glass

The transformation of basic glass into something outstanding it takes specialist knowledge. Sharda Glass has that knowledge. If you are looking for architectural glass that is coloured, curved, printed, laminated, safety, double-glazed, fire-rated, switchable, solar-controlled, painted, non-reflective, toughened, bullet-proofed, or is a combination of any of the above; Sharda Glass can give you an independent and impartial assessment of your solution options.

Rather than mass production, the company approaches each new structural glass project on an individual basis and will work with you to ensure that every one of your requirements is met and that any complex design issues are resolved in the best possible way. At Sharda Glass there are a number of glass ranges available which use tried and tested processes to ensure that your particular designs, along with the technical specification and safety requirements, can be met on time and on budget.
