Figured Glass:

We manufacture quality figured glass in our own manufacturing units. This flat glass provides privacy while letting light through with a template pattern on one side. It also caters the interior effect with its translucence and pattern itself. IAG, through its marvelous designs in figured glass, offers people a chance to transform their homes through the power of imagination of landscapes. You can shut out the harsh world and create your own special cheerful ambiance. The special surface orientation of IAG glass heightens internal reflection enhancing the brightness of glass. So you can drape yourself in your privacy and yet bask in the gentle glow of light.

Our products are widely used in the manufacture of stained glass, interior decoration, window panes, office / bathroom partitions, making of crisper glass for refrigerators and light shades.

The myriad hues, moods and colours of nature are captured on IAG Figured Glass. The uniqueness of IAG designs are reflected on KONOHA, the freshness of shimmering leaves, YOZORA, the beauty of twinkling sky. The well known MISTLITE conjures up the magic of moonlight playing through mist. The pattern ZADE gives the effect of cluster of hut-roofs. And of course the timeless designs - KARATACHI, MORGAN.

Our products are available in various colours like white and dark grey and can be offered in a variety of thickness including – 3.0, 3.5, 4.0, 4.5, 5.0, 6.0 and 8.0 mm.
