地址	BRITE GLASS WORKS PVT. LTD. 4, Grant Street, Block 'D', 2nd Floor Kolkata - 700013 West Bengal
国家	印度

产品/机械

We offer a complete line of products for requirements in varied fields like architecture, automotive vehicles, domestic appliances, household usage and many more. brite glass strongly believes in consistently maintaining stringent product quality, pro-active customer services and time-bound delivery to maintain a long-lasting and symbiotic relation with our clients, based on trust, confidence and satisfaction.

Brite Glass® presents Insulating Glass units that are hermetically sealed combinations of two or more panes of glass separated by a dry airspace. It is used to improve thermal performance, significantly reducing heating and air conditioning costs. It is also used to reduce interior condensation in cold climates. Brite Insulating glass units are fabricated according to project specifications to achieve desired aesthetics, and meet design criteria ensuring safety codes.

Depending on the glass type used, IG units can be designed for: light and solar control, sound control, ultraviolet screening (to reduce fading), hurricane, earthquake and blast resistance, security, bullet resistance, and decorative applications. Insulating Glass is used in Storefronts and Curtain Walls, Sloped/Overhead Glazing, Fixed and Openable windows, and also in both vision and spandrel (nonvision) areas.
