Having achieved the position of the world's largest quartz producer, Heraeus Quarzglas looks back on innovations in quartz glass technologies and achievements in offering breakthrough solutions dating back over 100 years. In addition to the production of natural quartz glass, Heraeus Quarzglas is the worldwide largest manufacturer of synthetic fused silica for applications such as microlithography and telecommunications.

All common manufacturing and processing methods are employed and special proprietary technologies complete our spectrum of capabilities. Heraeus develops, produces and supplies tailor-made solutions from base material to complex system components from one source.
