Window Frame Systems

It is easy to explain what we offer our partners: nothing but the best. These are first class products and systems from leading international manufacturers such as Schüco, Jansen or Corus.

Deciding on Schüco or Jansen systems for the realisation of buildings you profit from the competency and safety of strong brands that are permanently developed and improved.

In all the markets in which we operate, we play a key role for these and other brands for all our partners, inevitably maximising the market share of the brands we represent.
