产品/机械

Jushi Group produces E-glass and C-glass fiberglass products and the most complete range of reinforcement fiberglass products including rovings, chopped strands, stitched combo mats and chopped strand mats, powder and emulsion chopped strand mats, woven rovings and electrical yarn and fabrics in over 100 product categories and over 1,000 specifications. The products are sold in 30 provinces in China and exported to over 100 countries with an export volume accounting for 50% of the total sales. Its testing center has been certified by China National Accreditation Board for Laboratories (CNAS) . The fiberglass rovings and chopped strand mats under the "Jushi" brand have been approved as "China Top Brand" products and the trademark "Jushi" has been recognized as "China Famous Trademark". The principal products of Jushi Group have been approved by Det Norske Veritas (DNV), Lloyd's Register, Germanischer Lloyd (GL) and American FDA.

The fiberglass products of Jushi Group have wide applications. As functional or structural materials, they can be used to manufacture FRP profiles, pipes, pressure vessels, chemical tanks, sanitary apparatus, electric equipment, environment protection equipment, wind energy equipment, boat hulls, automobile parts and sports equipment, to name a few. The electronic yarn can be used to manufacture PCB and is a basic material for the information processing industry.
