地址	Nanyang Kylin Special Glass Co. Ltd No.200, Changjiang Road, Nanyang, Henan
国家	中国（中华人民共和国）

产品/机械

Kylin glass is one professional special glass supplier, and mainly manufactures quartz glass, borosilicate glass, optical glass, tempered sight glass, and so on. At present, our glass is widely used in semiconductor, electric light source, solar energy, optical apparatus, industrial machine, etc, and well appreciated by purchasers.

KGB301-Borosilicate Glass Plate is one of our most competitive products, in the industry-leading level!

KGB301-Borosilicate Glass Plate is produced by float process, and has many good characteristics, such as high temperature resistance, stable chemical property, excellent light transmission, and so on. KGB301-Borosilicate Glass Plate can be used in optics, solar energy, semiconductor, lighting project, medical technique and bio-engineering, household electrical appliance, safety protection, environmental engineering, chemical engineering and so on.

KGB301-Borosilicate Glass Plate can be used instead of borofloat glass and pyrex glass.
