Special Lines
Dual prints, Cold press, Shatter Proof (Ask for more unique technology products)
Mediums
Carrier products for paints in different specialties
Frits
+40 years old frit production experience, various types of frits (With correlative glass expansion coefficient)

产品和背景

Today a global leader in manufacturing chemical coating materials, Akcoat was founded in 1979. Akcoat manufactures 5 main product groups such as: enamel coatings, ceramics surface and decorative solutions, nonstick decorative coatings, glass coating materials, pigments. Head office of the company is located in Istanbul and manufacturing operations continue in its modern and fully-automated, state-of-the-art facilities located in Sakarya (Turkey) and Castellon (Spain). Although mainly present in Turkey and Spain, Akcoat has offices and employees in the USA and China. Akcoat is able to realize numerous new product developments and to present its clients with personalized solutions.
