## 产品/机械

Pilkington Optiwhite™ is an extra clear glass, obtained from a rigorous selection of raw materials, high grade sand with a reduced iron oxide content, and through careful control of various parameters during the melting process, to provide the market with a product of excellent performance.

Thanks to the availability of Pilkington Optiwhite™ in thicknesses from 2 mm to 19 mm, NSG Group offers architects and designers the widest range of extra clear glass in the market. The glass can also be used as a substrate for a number of other functional glass products providing thermal insulation (Pilkington K Glass™ OW or Pilkington Optitherm™ S3 OW), solar control and low-e properties (Pilkington Suncool™ OW range), noise control (Pilkington Optiphon™ OW), safety and security (Pilkington Optilam™ OW) and more.

### Company Profile of **Pilkington SIV SPA**

A service of glasssglobal.com, an affiliate of glasssglobal group.
