PRODUCTS OR MACHINERY

Our product pallet covers the entire spectrum of quality assurance in the glass production area and is suitable for:

- Container glass
- Flatware glass
- Solar glass
- Medical glass, etc.

Because of our expertise in quality assurance in glass production, we offer a team of experts ranging from physicists to engineers that can find solutions to your special problems. Our spectrum of services includes the development from electronics to the realization of complete systems. We develop the mechanical construction as well as the electrical wiring system. From the programming of the software to the worldwide installation and set up of the systems at your client – Cibite is your service provider you can count on.

COMPANY BACKGROUND / HISTORY

cibite - maker of quality assurance systems for glass production

cibite is one of the leading companies in the area of quality assurance for the glass and plastic production. We offer a level of quality assurance that is unsurpassed on the market due to our patented technology. Emhart, the market leader in the area of container glass production systems, is just one company that uses our products in their systems.
